Hello, you can call me Rafa!

I have created since I started breathing and I am passionate about communicating! I started working very early and **I'm not afraid of new challenges**. **Graphic Design** was my birthplace, but over time I got to know the world of **code**, with these new guidelines, **UI/UX** was a place where I managed to unite the skills I like and become an increasingly complete professional. Learning new things and teaching, that's why, throughout my career, I've worked at educational institutions as a **teacher**, always looking to expand my knowledge. It will be a pleasure to **tell you a little more about me!**

Softwares & Languages Skills

- Adobe Photoshop
- Adobe Illustrator
- Adobe InDesign
- Adobe XD
- Adobe After Effects
- Figma
- Salesforce
- UI/UX Tools
- HTML
- CSS
- Javascript
- Wordpress
- Tailwind CSS
- Bootstrap
- Webflow
- Social Media

+ I know some Javascript frameworks and libraries, in addition to developing some projects in No code and Low code tools, I also worked with Ads tools like Google and Meta. ease I have to learn new languages, tools, and software.
